Seymour Warmath, who recently moved from Senath to a farm on Ten Mile Island in Dunklin county, went out hunting a few days ago, and has never returned. His dog returned that night. He leaves a wife and one child.

John T. Buckley, the efficient and courteous clerk of the M. W. A., called our attention Saturday night to the fact that not only the M. W. A. had refused to pay the insurance on the policy of Henry M. Ransburgh, who was killed by Bill Knight on October 6, 1913, but that the M. P. L. had also refused, on the same grounds. Our statement was made on the information furnished us, however, and we are now glad to have the opportunity to publish the full facts. It seems that the finding of the coroner's jury, which was clearly out of record and aside from the evidence and the facts, has had much to do with these companies in their refusal to pay these policies, and then the officiousness of a certain little red-headed upstart who happened to be a member of one of these organizations, also had its bearing, and now this poor widow and her innocent little children have to pay out a big lawyer's fee to collect what is justly due them, and in the trial of these two cases all the facts will be brought out.

In making an arrest Thursday, the night marshal, Dan Giffin, was interfered with by James Kirk. Kirk was turned over to the state and lodge in jail at Caruthersville.

W. B. Deweese of Concord is making a specialty of raising fine hogs, and last week sold a thorough bred Kirkwood Berkshire to W. W. Parks, another farmer who believes in having the best.

Albert Bigham was over from Caruthersville Thursday, and placed his name upon our honor roll. Mr. Bigham is one of the best known young men in our county, and his many friends are urging him to become a candidate for county court clerk, which he is seriously considering. Personally, we would like to see Mr. Bigham enter the race for county clerk, because we believe he is a man who would not attempt to shirk his duty as he saw it nor shield himself with the county court—we believe he would take the law as his guide, and do his duty as he saw it, regardless of what "wire-pullers" might think.

When Out of Sorts Start Your Liver Working.

No Matter What Aids You, Dodson's Liver Tone is Usually a Big Help in Getting Well. Avoid Calomel.

Nine times out of ten, when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious, it is impossible to feel well.

There was a time when a great number of people took calomel when so troubled. But this is not true today. It has become widely known that calomel often has bad after-effects and is even dangerous to many. The use of Dodson's Liver Tone instead of calomel has spread wonderful because it has proved so beneficial in so many households.

Lefler's Drug Store recommends and guarantees Dodson's Liver Tone instead of calomel and guarantee to refund purchase price (50c.) to you instantly without question if you are not perfectly pleased with the way in which it relieves you from constipation, sick headache, biliousness, etc. It "lives the liver" and is a pleasant tasting, vegetable liquid, easy to take and causes no pain, no gripe, bad results, no change from your regular duties or habits.

To test Dodson's Liver Tone is a sensible matter because you get your money back if you are not satisfied. (Advertisement.)

Rev. T. G. Fallin of Cooter was in this city several days last week visiting his many friends here. Dr. Fallin was at one time pastor of the Methodist church in this city, and, we are glad to say, there was never any friction between the Doctor and the editor. He was a frequent caller at our office, and we always tried to do what we could for his church.

THE WELD THAT HELD THE Secret of Strength

The secret of strength in a fence is **Simplicity of Construction plus the best materials and workmanship.** The electrically welded fence is the **strongest** fence, the most **economical** fence, the most **durable** fence ever made. You don't have to pay for bunglesome wraps, ties, or twists, which add nothing to strength, and which detract from good appearance and from durability. The

the wires being electrically welded at every contact point. The weld is even stronger than the wires. Line and stay wires are of the same size—this counts for strength. It is proof against stock, time and wear.

Every wire is made of open hearth material—conceded to be far superior to—stronger and tougher than—Bessemer steel. Every wire is galvanized by the most improved process.
